JOHN K. TENER

Chairman National Elk War Relief Commission, and Past Grand Exalted Ruler Benevolent and Protective Order of Elks of the United States. Was a member of Congress 1909 to 1911; Governor of Pennsylvania 1911 to 1915 and President National Baseball League from 1914 to 1918. When a young man Mr. Tener played professional baseball as a member of Anson's famous Chicago team that made the first trip around the world, in 1889, was made by a ball club. Gov. Tener is a successful and prosperous business man and is the directing head of the National Elk War Relief Commission that is cooperating with the Federal Board for Vocational Education in the vocational training of disabled soldiers, sailors and marines. Gov. Tener is a native of Ireland and a resident of Pennsylvania.

1,000 MORE SLOGAN OF D. C. ELKS' DRIVE

Acting under instructions from the grand exalted ruler, Bruce A. Campbell, Elk Lodges in various cities throughout the country have been conducting drives for increased membership. In Washington, this drive is being carried on by a special committee of which Harry King is chairman. The committee adopted the slogan "1,000 More" and have been working energetically to make the slogan become a reality, and have so far been very successful, having already secured more than 500 new members who have been eligible for initiation and many of whom have already been accepted into the lodge. There are many good reasons which the membership committee advances as to why a man should become an Elk. It is an American organization, founded in America, and only American citizens, either those born here or those naturalized, are eligible for membership.

Gave 50,000 Fighters.
The 1,400 Elk lodges in the United States contributed more than 50,000 members to the American fighting forces during the recent war. General Pershing himself is a member of the order.

In addition to the wonderful contribution in members to our nation's war machine, Elkdom has played a potent part in winning the war by its enormous contribution in money and materials. The Government accepted a gift of \$250,000 from the Elks to provide for a great reconstruction hospital, the first in the United States where maimed and disabled soldiers and sailors would receive the best of expert attention in occupational instruction. The plans for this hospital provided for a complete unit of twin ward hospital buildings, vocational work shops, barracks, mess hall and post exchange. The Elk lodges had purchased with their funds over \$3,000,000 worth of Liberty Bonds prior to the recent drive of the Victory Loan. They have donated \$300,000 to the Red Cross war fund, \$100,000 to the Y. M. C. A. fund, \$100,000 to the K. of C. and other funds.

Turn Over Homes.
Four hundred Elk club houses were turned over for use by the Red Cross and other patriotic agencies. In addition to the fact that General Pershing is an Elk, two others are major generals, six are brigadier generals, eighty are colonels, eighty-five are lieutenant colonels, 400 are majors, 1,500 are captains, and 4,700 are lieutenants, 2,000 are sergeants, and 500 are corporals. In the navy, one rear admiral, one Elk, fourteen are captains, four are commanders, twenty lieutenant commanders, 100 are lieutenants, and 150 are ensigns. However, it is not alone because of its 100 per cent Americanism that the

Elks solicit membership. It is an organization noted for its many deeds of charity done without ostentation. It is an organization of men who believe in their fellow-men, who believe in having the glad hand always extended to friend, acquaintance or stranger; an organization of big-hearted men who recognize that none of us is perfect, and who charitably close their eyes to their fellow-man's faults and see only his virtues.

Benjamin Franklin said: "Money can beget money, and its offspring can beget more." Buy W. S. S.

TRENCH REPARTEE.
Australian Soldier (to American): You Yankee think you've done a lot, but you forget we Australians have been at the game for four years.
"Well, what have you done, anyway?"
"Done? We've been at Gallipoli, Mesopotamia, the plains of Bethlehem."
"The plains of Bethlehem?"
"Yes, I slept a week there myself."
"Well, I guess that was a busy week for the shepherds watching their flocks!"—Tit-Bits.

Hello, Bill!

We congratulate you upon your splendid drive.

When You Need

Raincoats

take advantage of our Extra Special Values. They beat anything in town.

From Maker to Wearer

All Tires Wear Out--- Globe Tires Wear Longer

Any tire will give out in time, but Globe Tires postpone the evil day longer than most.

"Blow-outs" Tire fabric, like steel or any other material has its limit of strength. When that limit is reached it breaks, and "blow-outs" and other tire troubles result. In ordinary tires the premature exhaustion of that strength is chiefly due to fibers that were flattened or distorted before usage.

The Cause Such flattening of fibers is caused by the ordinary method of curing tires under tremendous hydraulic pressure, which tends to "iron" the native strength and resiliency out of the fabric and to displace and disarrange it. This is called the "molded" method, and quick production, but not long mileage.

The Prevention There is only one way in which the manufacturer can avoid the flattening of fibers and can conserve the native strength of the fabric. That is the single-cure, wrapped-tread way, which makes it possible to weld together the casing, breaker strip, tread and bead without jamming or displacing a single element.

Long Mileage Globe tires are the best material obtainable, and under the single-cure, wrapped-tread process. This is the slow method of the Globe method—of producing tires, but the safest method of making long mileage into them. That is why they can guarantee Globe tires 10,000 miles.

SOME PLACE ABOUT YOUR HOME, YOUR OFFICE OR YOUR STORE—PERHAPS YOU HAVE SOME

Old-Time Letters With Postage Stamps on Them

In Old Trunks or Chests That You Haven't Looked at for Years—in the Effects of Long-Established Wholesale Concerns, Banks, and the Old Musty Files of Court Houses—These Are Very Likely Places. Why Not Make a Search? Postage Stamps Were First Used in 1845—So you Don't Have to Go Back Many Years to Get Rare Ones.

I BUY ALL STAMPS ISSUED FROM 1845 TO 1869, INCLUSIVE, ON ORIGINAL LETTERS AND COVERS—PREFERRED (EXCEPT THE 3c VALUES FROM 1857).

Wanted!

Departmental Stamps

In 1873 the Agricultural, Executive, Justice, Interior, Navy, Postoffice, State, Treasury, and War Departments of the United States Government issued official stamps, all of which I buy whether used or unused.

Wanted!

Proofs of U. S. Stamps

Proofs of stamps are from the original plates from which an issue of stamps is printed. Some years ago the Government made a practice of giving to members of Congress and other Government officials proofs of all issues of stamps. I will pay good prices for any of these.

Wanted!

U. S. Revenue Stamps

From 1861 to 1872 the law required that deeds, conveyances, wills, and various other legal documents bear revenue stamps. Many of these must still be in existence. There are some of these revenue stamps for which I will pay good prices.

Confederate States Stamps

During the civil war many of the postmasters in the different cities in the Confederate States in 1861 and later issued stamps. I will buy any of those issued by the postmasters as well as the General Issues.

Unused Stamps

I purchase unused stamps of any of the issues I have mentioned, and am always in the market to buy stamps that have never been used as well as those that have been used.

Autograph Letters

I will purchase the original letters of all the Presidents of the United States from Washington to date. The letters must be complete, as I do not buy single autograph signatures.

Foreign Stamps

No doubt in looking over your old correspondence you will find some old European and other foreign stamps. Some of these are valuable, especially on the original covers or envelopes.

I Will Pay \$4,000 for One Postage Stamp

The 5c Alexandria, issued in 1845; the 10c Baltimore, Md., James M. Buchanan, issued in 1845, and the 2c Hawaiian Missionary, issued in 1851, in fine condition (on original letters preferred) as per cuts shown below.

The Cash Is Ready

To pay for any of the items wanted. Why not make a search now. If you put it off they may be lost or destroyed by fire. I refer by permission to the Second National Bank of this city as to my reliability.
